HUD Annual Action Plan 2023-2024

FY 2023-2024
Adopted May 9, 2023

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

As a designated entitlement jurisdiction, the City of Riverside receives an annual allocation of federal funding designated to assist in the development of viable communities by supporting projects that provide decent, safe, and sanitary housing that is both affordable and sustainable and expand economic opportunities for low- and moderate-income persons. The City is required to develop a Five-Year Consolidated Plan (ConPlan) and an Annual Action Plan (Action Plan) for the use of these funds. These Plans, specifically, the Action Plan serve as the means to meet the application and submission requirements for four entitlement formula programs: Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA), and HOME Investment Partnership (HOME). The Action Plan must be submitted to HUD by Tuesday, May 16, 2023.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items, or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis, or the strategic plan.

Priority Needs

The City of Riverside has identified eight priority development areas to meet the greatest needs of residents in the city. Priorities are based on responses to the City's 2023-2024 Community Survey through Community Ward Meetings, Post Card Surveys, and online. The information was gathered in specific focus groups and interviews with various organizations and service providers in the housing and community development field. Based on these results, the City of Riverside will invest its Fiscal Year 2023-2024 CDBG funding to address needs in the priority areas listed below:

1. Infrastructure
2. Public Facility
3. Homelessness (Public Services)
4. Other
5. Community Services (Public Service)

6. Housing
7. Business and Jobs (Economic Development)
8. Special Needs Services

Additional priorities and anticipated accomplishments for Housing, Community Development, Homeless, and Special Needs populations, and the HOPWA Program are presented in the appropriate narrative sections and tables within this document.

The city must also ensure that its HUD-funded activities carried out during Fiscal Year 2023-2024 described in this Annual Action Plan meet the identified priority needs identified in the City's Five-Year Consolidated Plan needs assessment. The 2023-2024 Community Survey found that need rankings were rather consistent throughout the city. A uniform system of ranking was assigned according to the following HUD categories: No Need, Low Need, Medium Need, and High Need, to describe the relative need for assistance in each category.

Objectives and Outcomes Continued

The federal funding sources that will be used to implement the objectives and outcomes of the Consolidated Plan are as follows.

Community Development Block Grant (CDBG): The Fiscal Year 2023-2024 CDBG allocation is \$2,863,437. Activities eligible for funding under the CDBG program include acquisition of real property, construction, rehabilitation or improvements to public facilities, housing-related services and activities, economic development, public services, and program planning and administration. Eligible activities are required to meet at least one of the three CDBG program National Objectives, which are: 1) to assist low- and moderate-income persons, 2) aid in the prevention or elimination of slum or blight, and 3) meet urgent community needs. The City of Riverside will extend its allocation of Program Year 2023-2024 CDBG funding for the following CDBG eligible activities: Public Facilities/Public Improvement Projects, Public Service Activities, Housing Projects, and Planning and Administration.

Housing Opportunities for Persons with AIDS (HOPWA): The Fiscal Year 2023-2024 HOPWA allocation is \$4,509,763. The City of Riverside has been designated by HUD as the Grantee jurisdiction administering the HOPWA funding designated for the Eligible Metropolitan Service Area (EMSA) encompassing Riverside and San Bernardino Counties. HOPWA funds may be used for housing projects, short-term rental assistance, mortgage payments, utility payments, counseling, clinic-based health care, home care, and program administration. The City of Riverside sub-contracts with the Housing Authority of the County of Riverside (HACR) and Foothill AIDS Project to serve as Project Sponsors and facilitate HOPWA activities throughout the region. The City will disperse its allocation of HOPWA funds as follows:

- Housing Authority of the County of Riverside: \$2,232,332.69
- Foothill AIDS Project: \$2,142,137.43
- Program Administration (3% Max): \$135,292.89

HOME Investment Partnership (HOME) Program: The HOME Program provides federal funds for the development and rehabilitation of affordable rental and homeownership units for low-income households. HOME funds will be used for activities that promote a suitable living environment that is affordable and sustainable for the household that resides there. Examples of HOME-funded programs are the acquisition and rehabilitation of single-family and apartment communities that will be either rented or sold income-qualified field households, tenant-based rental assistance, homebuyer assistance, and new housing construction. HOME funds are allocated by formula to participating jurisdictions. The Program allows great flexibility with respect to the types of projects to be assisted (new construction or rehabilitation), the form and amount of financing, the types of housing, and the households assisted. In addition, with the need to link access to supportive services to affordable and appropriate housing, there will be more coordination and collaboration between housing providers and service providers. **Emergency Solutions Grant (ESG):** The ESG program places emphasis on helping people to quickly regain stability in permanent housing after experiencing a housing crisis or homelessness. This is accomplished by providing homeless persons with basic emergency shelter and essential supportive services to locate permanent housing and promote decent and affordable housing, a suitable living environment, and economic opportunities. ESG funds will be used for a variety of activities, including rapid re-housing and homeless prevention activities, emergency shelter operations, and street outreach.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City continues to improve its processes and delivery of services to address the housing, community development, and economic development objectives that were identified in the 2020-2024 Consolidated Plan. We are currently in the third year of the plan which will end on June 30, 2023. Utilizing Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA) funds, the City of Riverside promoted Decent Housing, Suitable Living Environments, and Economic Opportunities. During the first two years of the City's 2020-2024 Consolidated Plan, the City has expended approximately \$16,391,7285 to assist low to moderate income households through public service activities, such as after-school and childcare programs, health and substance abuse services, homeless services, anti-crime. Capital Improvements projects such as, construction and improvements to community facilities, curb and gutter, ADA improvements, and street rehabilitating. Economic Development such as, job creation, job training, and commercial improvement. Lastly, provided short-term rent, and funded emergency shelter operations HOPWA assistance to service the following categories, facility-based housing development, facility-based housing subsidy assistance, housing information services, permanent housing placement, resource administration, STRMU, supportive services, and tenant-based rental assistance. As well as provided short-term rent, and funded emergency shelter operations.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

As the entitlement grantee for the CDBG, HOME, ESG, and HOPWA programs, the City of Riverside Community & Economic Development Department (CEDD) is the lead agency for the development of this five-year consolidated plan as well as the Annual Action Plan that outline the proposed activities and expenditures under these programs. The CEDD will also act as one of several public and private agencies that will administer programs and activities under the plan. During this Consolidated Plan period, the CEDD will also work with other agencies and organizations that will assist in the administration of the Consolidated Plan programs.

The City of Riverside has embraced a process for the development of this Action Plan that included broad participation from the community. At each step in the process, care has been taken to ensure that low-and-moderate-income residents, members of minority groups, agencies involved in the provision of services to these populations, and others who are directly impacted by the programs and projects supported by the Consolidated Plan programs have been actively involved. The Community & Economic Development Department staff conducted extensive outreach to engage a wide range of agencies, groups, organizations, and residents in the process of developing the 2020-2024 Five-Year Consolidated Plan and

the 2023-2024 One-Year Action Plan. This process included widespread public participation and input through postcards, workshops, community meetings, and public hearings. The following is the Funding Application and Citizen Participation schedule.

- Community Meeting Notices mailed to all Riverside households
- Community Meeting Advertisement published in the Press Enterprise
- Seven Community Meetings were held (one for each of the seven Council Wards) to gather public input on funding priorities for FY 2023-2024
- Letters sent to over 150 community-based organizations and agencies inviting CDBG funding proposals for FY 2023-2024
- 2023-2024 CDBG Funding Applications made available electronically via the city website, e-mail, and hard mail
- Public Notice-CDBG Funding Availability
- Virtual CDBG Application Workshop offered for interested parties
- Application Deadline for submission of CDBG funding proposals from community-based organizations and agencies
- “Notice of Public Hearing and Public Comment Period” on draft Action Plan published in Press-Enterprise. Draft Action Plan with funding recommendations made available for public review
- Public Hearing to solicit community input regarding Action Plan and Funding Recommendations and Approval

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

A Public hearing was held on May 9, 2023, adopting the 2023-2024 HUD Annual Action Plan at the regular City Council meeting.

The following comments were received regarding the 2023-2024 Annual Action Plan:

- Katlin Scott, Neighborhood Housing Services of the Inland Empire (NHSIE)

- Katlin Scott shared NHSIE background and the application submitted. NHSIE was founded in 1981 by WWII veterans, who fell victims to discrimination in the homebuyer process. She described how NHSIE has helped the community with classes and individual counseling, rehabilitation, and down payment. NHSIE has helped 3,000 families to become first-time homeowners, invested in over \$800 million dollars in home purchases and rehabs in the Inland Empire. This has been accomplished by being a strong HUD approved counseling agency, a community housing developer organization, and CDFI. NHSIE wants to declare its commitment to the City of Riverside. In the Riverside Consolidation Plan it has been identified

to reduce the barriers of affordable housing as an area of focus. NHSIE is prepared to support in this effort. The application submitted called Project GROW stands for Generating Real Opportunities for Wealth. By supporting low to moderate-income homeowners who are at risks of losing their home due to unpaid taxes or unemployment. They plan to help homeowners with technical assistance such as the permits, development, and best practices as a landlord. They were awarded \$1 Million dollars from the U.S. Treasury to implement the program. It will also help first-time homeowners with down payment assistance toward their resident who live in an ADU.

- Jessie Stein, Voices for Children

- Thanked the City of Riverside for the consideration of their proposal and for the funding recommendation they received for the Court Appointed Special Advocate (CASA) program. They are the local non-profit that offers advocacy to children and foster care called CASA. CASA are volunteers who are trained and supported by Voice for Children. A story was shared of how the CASA program helped a foster youth achieve her goals. Once again Jessie Stein thanked the City and shared with the funding, they received they will be able to help an additional six youth.

- Mandy Hyde, Junior League of Riverside, Inc.

- Thanked the City of Riverside for the support they received. Mandy Hyde explained how the agency prevents the cycle of homelessness by providing free diapers to families in need. Since June 2022, they have distributed 209,000 families in the Inland Empire, with the Block Grant 45,600 were from the Riverside area, which has an economic impact of \$22,000. They are helping low to extremely low poverty level families. This program helps alleviate the cycle of homelessness.

- Karla Miranda, Riverside Area Rape Crisis Center

- Thanked the City of Riverside for the ongoing CDBG funding. The funding support 24/7 culturally, responsive, inclusive, advocacy, support, and services to survivors of violence including domestic violence and child abuse.

- Aerol Koshvicks, Resident

- Advocated for the Janet Goeske Foundation to grant them more funding to support the seniors. He suggested having the agency open on Sunday. Aerol Koshvicks described his and his family's positive experience with the Janet Goeske Foundation agency.

- Charles Chatman, Mercy House

- Thanked the city for the support for the Camp Anza and the CDBG Block Grants the agency received. Some highlights from Camp Anza: the computer lab is still running, food pantry, life skills, help veterans to connect with community resources, three veterans achieved home ownership, and three graduated from college.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments formally submitted were accepted.

7. Summary

The City of Riverside will continue to utilize CDBG, HOME, HOPWA, and ESG funding allocations to benefit the low- and moderate-income residents in the community. This document includes projects with objectives and outcomes that address priority needs and help meet goals set forth in the Consolidated Plan's Strategic Plan section, which describes how federal funds and other resources will be utilized over the course of a five-year period. The City of Riverside will evaluate past performance and adjust as needed to better serve the needs of the community. As per the City's Citizen Participation Plan, community residents and providers will continue to be informed and invited to participate in the consolidated planning process to ensure projects and activities meet community needs. With declining resources from various sources, the City and non-profit organizations will be unable to serve all persons who need services. The FY 2023-2024 projects listed in "AP-35 Projects" have been developed with community input and reflect the needs of the City.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health, and service agencies (91.215(I))

In the coming year, the city will remain focused on serving vulnerable individuals experiencing homelessness through collaboration with other funders and partnerships with essential public and private systems of care including health and behavioral health care; public safety; education; and employment providers. The city will continue to lead efforts in providing outreach to Veterans, seniors, unaccompanied youth, and families with children and other individuals experiencing chronic homelessness through participation in targeted initiatives and support to community-based providers.

The City participates in County Farm Road monthly calls with Riverside University Health System – Behavioral Health to discuss performance outcomes of the Arlington Recovery Center, Sobering Center, Emergency Treatment Services and Mental Health Urgent Care and address any community concerns.

The City holds a monthly check-in meeting with Riverside County Housing and Workforce Solutions and Continuum of Care staff to discuss efforts in addressing the needs of our homeless population. The City, County and its collaborating partners have recently kicked off a goal to end homeless youth and the teams are case conferencing on a weekly basis to achieve this goal.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The County of Riverside Housing and Workforce Solutions is the Collaborative Applicant for the Continuum of Care (CoC) and has spearheaded the local effort to ensure compliance with HEARTH Act provisions. Therefore, there is continuous coordination between Riverside County, the City of Riverside, and the CoC as a whole, to address the needs of persons who are homeless or at risk of homelessness. This includes discharge planning, identifying needs and gaps in the community, and researching project models for permanent supportive housing and funding sources. The County works closely with Adults Protection Services to provide support for our homeless seniors.

The City receives two direct CoC Permanent Supportive Housing Program grants for 18 dedicated PSH units, which 8 units are dedicated to chronically homelessness individuals, 5 for disabled homeless individuals, and 3 for disabled homeless families. In FY 2022-2023, the city will receive an additional CoC grant to assist 10 homeless individuals with housing through the Rapid Re-Housing Program.

The City utilizes the Coordinated Entry System Community Que when referring homeless individuals to the City's rental assistance and permanent supportive housing programs.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City is to receive \$255,400 of ESG Fiscal Year 2023-2024 grant funds and released a Notice of Funding Availability for these funds. The City of Riverside received four proposals totaling \$515,000 in ESG funding to support emergency shelter operations and case management, rapid re-housing, and administration. City staff is recommending funding all these activities at a funding level not to exceed \$255,400.

Rapid Re-Housing will fund rental assistance and security deposits to homeless individuals and families in the City of Riverside to locate housing units in Riverside County to provide a wider range of housing units for clients to select from. These recommendations were forwarded to the CoC for comments.

The City of Riverside will meet bi-annually with other ESG recipients in the County that include the Riverside County Housing and Workforce Solutions, and the City of Moreno Valley to review adopted ESG Policies and Procedures which were reviewed and adopted by the CoC.

In Fiscal Year 2023-2024, the ESG recipients will evaluate Fiscal Year 2022-2023 outcomes of projects and activities to ensure that funds are being directed to address the greatest needs and ensure that sub-recipients are entering client information in the Homeless Management Information System (HMIS) per the ESG and CoC Interim Rule (24 CFR 576 and 578). HMIS provides an opportunity to document homelessness and helps to ensure coordination between service providers while avoiding duplication of services and client data. The HMIS data system is managed by the Riverside County Housing and Workforce Solution.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal setting

As required by the Department of Housing and Urban Development (HUD) Rules and Regulations, the City of Riverside complies with regulation 24 CFR 91.105, Citizen Participation Plan for local governments as outlined. The City has adopted a citizen's participation plan that sets forth the City's policies and procedures for citizen participation. The components of the Citizen Participation Plan discussed above have been designed with the explicit intention of accommodating and encouraging participation by low- and moderate-income residents, residents of low- and moderate-income neighborhoods, members of minority groups, persons with limited English skills, and persons with disabilities. In the development of the Annual Action Plan, the City made affirmative efforts to provide adequate information to interested agencies and Riverside residents concerning the CDBG process and availability of funds. During the months of October and November 2022, staff members of the Community & Economic Development Department conducted a public meeting in each of the seven City Council Wards (see Map I-3). The intended purpose of these meetings was to provide the residents with an overview of HUD programs, to obtain information on community needs and priorities that will be included as part of this Consolidated Plan, and to solicit community input regarding any current unmet needs. The City Council Ward meetings were held at community and senior centers, public libraries and other venues within the community and involved the participation of City Council members, and area residents to gather statistical information, assess the City's housing and community development needs, and receive input on spending plans and priorities for the upcoming program year. The City also conducted extensive outreach to inform local agencies regarding the opportunity to apply for CDBG funds. Outreach included a public notice of availability for funding, a letter mailed to each interested agency, and an Application Workshop to assist those public service agencies with application preparation. Technical assistance was also provided to individuals and organizations throughout the application period. In September 2022, the City of Riverside mailed each resident and property owner a Riverside Community at Home Postcard, which provided an overview of the CDBG Program and invited them to attend the public meeting in their City Council Ward. To reach low- and moderate-income residents and encourage citizen participation, over 122,020 CDBG postcards were distributed to all residents and business PO Box included 92501, 92502, 92503, 92504, 92505, 92506, 92507, and 92508. In addition, the notice was posted on the City's website. Persons unable to attend public meetings, were invited to provide input and submit comments and suggestions to the City's Community & Economic Development Department. American Sign Language (ASL) and Bilingual interpretation services were made available at all public meetings.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

Emergency Solutions Grant (ESG)

The City of Riverside will receive \$255,400 in ESG funding for Fiscal Year 2023-2024. Activities eligible for funding under the ESG program include support for emergency shelter operations and case management, outreach, rapid re-housing, and administration. The ESG program regulations require that the City match its ESG allocation dollar-for-dollar with other funding sources. The City's total allocation is listed below.

Consequently, the City places this matching requirement upon the ESG sub-recipients. The table below summarizes the proposed use of ESG funds during the Fiscal Year 2023-2024 by general activity, funding amount, and percentage.

- ESG Administration (7.5% Max): \$19,155
- Riverside Year-Round Emergency Shelter operations and case management (Path of Life Ministries) (60%): \$125,000
- Homeless Management Information Systems (Path of Life Ministries): \$28,240
- Rapid Re-Housing Program – Domestic Violence (His Daughter's House): \$83,005

HOME Investment Partnerships (HOME) Program

The Fiscal Year 2023-2024 HOME Program allocation is \$1,243,818. The fundamental purpose of the HOME Program is to preserve and increase the supply of decent, safe, and sanitary affordable rental and owner-occupied housing for low-income persons. The Program Year 2023-2024 HOME funding will be distributed as follows (per specific HUD program caps):

- Affordable Housing Program: \$1,119,437
 - a) Acquisition and Rehabilitation of multi-family residential units
 - b) Infill Residential Development
- Administration: \$124,381
- Anticipated Program Income: \$200,000

a) Funds may be used to fund the Affordable Housing Program and Tenant-Based Rental Assistance Program

Community Development Block Grant (CDBG) Program

The Fiscal Year 2023-2024 CDBG allocation is \$2,863,437. Activities eligible for funding under the CDBG program include acquisition of real property, construction, rehabilitation or improvements to public facilities, housing-related services and activities, economic development, public services, and program planning and administration. Eligible activities are required to meet at least one of the three CDBG program National Objectives, which are: 1) to assist low- and moderate-income persons, 2) aid in the prevention or elimination of slum or blight, and 3) meet urgent community needs. The City of Riverside will extend its allocation of Program Year 2023-2024 CDBG funding for the following CDBG eligible activities: Public Facilities/Public Improvement Projects, Public Service Activities, Housing Projects, and Planning and Administration.

Housing Opportunities for Persons with AIDS (HOPWA) Program

The Fiscal Year 2023-2024 HOPWA allocation is \$4,509,763. The City of Riverside has been designated by HUD as the Grantee jurisdiction administering the HOPWA funding designated for the Eligible Metropolitan Service Area (EMSA) encompassing Riverside and San Bernardino Counties. HOPWA funds may be used for housing projects, short-term rental assistance, mortgage payments, utility payments, counseling, clinic-based health care, home care, and program administration. The City of Riverside sub-contracts with the Housing Authority of the County of Riverside (HACR) and Foothill AIDS Project to serve as Project Sponsors and facilitate HOPWA activities throughout the region. The City will disperse its allocation of HOPWA funds as follows:

Housing Authority of the County of Riverside: \$2,232,332.69

- Foothill AIDS Project: \$2,142,137.43
- Program Administration (3% Max): \$135,292.89

Table 4 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state, and local funds), including a description of how matching requirements will be satisfied

City staff, in its funding applications, emphasizes to applicants the need to leverage federal, state, and local resources. The HOME Program regulations, 24 CFR 92.218, require a 25% match. The City has an excessive HOME match of \$16,802,146.72 to cover the required HOME match.

ESG Program regulations, 24 CFR 576.201, require a dollar-for-dollar match. Funds set-aside for program administration and for Community Housing Development Organization (CHDO) technical assistance/capacity building is exempt from this matching requirement. The match must be met by the end of the Federal fiscal year in which the expenditure occurred. This requirement is not project-specific but rather program-wide.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

During the program year, the City anticipates entering into a HOME Agreement with two affordable housing developers for the creation of 209 affordable housing senior and family units and 22 permanent supportive housing units. The City's Housing Authority will also rehabilitate a duplex that will be made affordable to very low-income households. The City and Successor Agency will continue to dispose of real property in accordance with Assembly Bill 1486 which requires 25% affordable housing units. If there are no responses to the first disposition notice, the affordable housing requirement is reduced then reduced to 15%. The City's Housing Authority will also be releasing Request for Proposals on three properties that will be developed with 100% affordable housing units.

Introduction

HUD requires a consolidated planning process for CDBG, HOME, HOPWA and ESG programs. This process consolidates multiple grant application requirements into a single submission. The Five-Year Consolidated Plan outlines proposed strategies for the expenditures of CDBG, HOME, HOPWA, and ESG for the purpose of providing a suitable living environment through safer, more livable neighborhoods and greater participation of lower-income residents throughout the City of Riverside. The Consolidated Plan also outlines how the expenditure of federal funds will increase housing opportunities; reinvestment in deteriorating neighborhoods; provide decent housing by preserving the existing affordable housing stock; increase the availability of affordable housing; reduce discriminatory barriers; increase the supply of supportive housing for those with special needs; prevent homelessness; and transition homeless persons and families into housing. Furthermore, the Action Plan identifies the strategies to expand economic opportunities through employment opportunities that pay self-sufficiency wages; homeownership opportunities; development activities that promote long-term community sustainability; and the empowerment of lower-income persons to achieve self-sufficiency.

In Program year 2023-2024, the City will address the above priorities by funding the following:

Rationale for the priorities for allocating investments geographically

The City's HOME Investment Partnerships Program funding will support the need for affordable housing and rental assistance to assist extremely to low-income households with achieving housing stability and self-sufficiency. The City's rental assistance programs have been expanded to allow clients to locate housing units countywide to support the City's goal of ending homelessness.

Discussion

For an activity or project to be eligible for CDBG funding, it must qualify as meeting one of the three national objectives of the program:

- 1) Principally benefit (at least 51%) low and moderate-income persons.
- 2) Aid in the prevention of slums or blight; or
- 3) Meet community development needs having a particular urgency.

Priorities that guide the allocation of CPD funds are derived from the following goals:

- To provide decent housing:
- To provide a suitable living environment; and
- To expand economic opportunities

In addition to national objectives and performance measurements, the city must weigh and balance the input from different groups and assign funding priorities that best bridge the gaps in the City's service delivery system. The city received input through outreach efforts helping to prioritize funding for community facilities, community services, homeless facilities and services, economic development, and public improvements. In summary, projects are reviewed, and funding allocations are made based upon the above criteria, including the projects 'ability to reach and serve the areas and persons with the greatest need.

Discussion

Lower-income households continue to pay a higher percentage of their income for housing, compared to other income groups, particularly in a housing market where market production runs behind need and affordable production is scarce in relation to an expanding pool of eligible clients. According to the National Low-Income Housing Coalition (NLHC), every major metropolitan area in the U.S. has a shortage of affordable and available rental homes for extremely low-income renters. Of the 50 largest metropolitan areas, extremely low-income renters face the most severe shortages in Riverside-San Bernardino-Ontario, where there are 20 affordable and available rental homes for every 100 extremely low-income renter households. Based on the NLIHC data on rental units and renters in the US matched by affordability and income levels, there is a great need to expand affordable rental housing stock for extremely low- and very low-income households, as well as special needs households including the homeless, elderly, large families, HIV/AIDS, and their families. In conjunction with the City's Housing First Plan, the city is targeting unit production that benefits residents earning 50% of Riverside AMI and below, an effort to target very low-income persons and families.

To help provide decent and affordable housing, improve the social and economic status for extremely low-, very low-, low-, and moderate-income households, and to prevent homelessness in the City of

Riverside, the following priorities have been established:

1. Expand the affordable rental housing stock for low-income and special needs households. Based on cost burdened household data from Comprehensive Housing Affordability Strategy (CHAS) and coupled with National Low-Income Housing Coalition (NLIHC) projections, there is a great need to expand affordable rental housing stock for low-income households, as well as special needs households including the homeless, elderly, large families, HIV/AIDS, households with disabilities, and their families. In conjunction with the City's Housing First Plan, the city is now targeting unit production that benefits residents earning 60% of Riverside AMI and below, in effort to target very low-income persons and families.
2. Provide homeownership opportunities for first-time homebuyers and for the low- and moderate-income community. Homeownership may provide many social and financial benefits to families, children, and communities. There is considerable evidence that homeownership experiences result in greater social stability, education completion, civic participation, and improved quality of life. Residents will continue to refer residents to NPHS to apply for the CalHome Down Payment Assistance Program.
3. Improve the conditions of substandard housing and substandard existing owner-occupied housing for the low-income community. As the City's housing inventory ages, maintenance and repairs become more critical. If homes fall into disrepair, residents may be subject to unsafe and unhealthful living conditions. A decrease in the supply of housing is possible unless new units are constructed at a rate that exceeds the rate of deterioration of existing units. Maintaining older homes and ensuring that durable construction materials are used for new housing is important in maintaining the supply of housing. In April 2023, the City received the State's ProHousing Designation which provides the City with additional points or other preferences in the scoring of competitive housing, community development and infrastructure programs through the State. The City submitted a ProHousing Incentive Pilot Program application for \$2.5 million to support the development of affordable housing and is waiting for the State to announce the awards.

AP-60 Public Housing – 91.220(h)

Introduction

The City of Riverside does not own or manage any public housing.

Actions planned during the next year to address the needs to public housing

The Housing Authority of the County of Riverside administers and manages several programs to address the housing needs of residents throughout the County. The annual estimated operating budget of \$101 million is allocated to fund Housing Authority projects and programs.

The Public Housing Program, now Rental Assistance Demonstration Program, provides decent, safe, and sanitary housing to low and moderate-income families, seniors, and persons with disabilities. These multi-family developments were constructed or purchased with funding provided by HUD. The property units are operated and maintained by the Housing Authority with funding subsidies from HUD.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority operates on the premise that affordable housing is not the end goal for a family but a steppingstone to reach full sufficiency in market-rate housing. The goal is for the agency's families to successfully graduate to homeownership. To actively engage residents in this goal the agency has taken the following actions:

1. Regular engagement of residents via onsite managers and through specialized self-sufficiency coordinators funded through HUD's Resident Opportunity and Self-Sufficiency (ROSS) program and Family Self-Sufficiency Program.
2. Providing outreach and information to all residents on community homeownership initiatives and credit counseling agencies.
3. Working collaboratively with our local Habitat for Humanity to provide public housing residents with targeted homeownership opportunities.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Housing Authority of the County of Riverside has been rated as a HUD High Performer for the past 19 years for the Section 8 (Voucher) Program, and until October 1, 2016, either a HUD High Performer or a

Standard Performer for the Public Housing Program.

Discussion

The City and County of Riverside continue to partner to share resources where possible to increase the supply of affordable housing through Section 8 Project Based Vouchers and No Place Like Home.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City (the City), as with other jurisdictions across the country that receive federal funds for homeless assistance, is required to conduct a Point-In-Time Count (PIT) of homeless persons each year. The 2022 PIT count was conducted on February 23, 2022; the results of this count have been published. The PIT Count for the City of Riverside is 514 which is a 12% decrease from the previous year and represents 26% of the County's homeless population.

The U.S. Department of Housing and Urban Development (HUD) charges communities that receive funds under the Homeless Continuum of Care (CoC) Program of the Homeless Emergency Assistance and Rapid Transition to Housing Act (HEARTH) with specific responsibilities. The Riverside County Housing, Homeless Prevention and Workforce Development is the leading agency for the Riverside City and Riverside County CoC. In March 2023, the Riverside County Continuum of Care (CoC) received notification from HUD of its 2022 Continuum of Care Program award in the amount of \$13,757,332. The award provides funding to 19 projects including: Permanent Supportive Housing, Rapid Rehousing, Homeless Management Information System (HMIS) and a CoC Planning grant.

The Riverside County CoC Governance Board continues to meet to identify gaps in homeless services, establish funding priorities, and to pursue an overall systematic approach to address homelessness. These are public meetings in which the community of providers and stakeholders are welcome to attend and provide comments. The City's Housing Authority Manager is a member of the CoC and is the Coordinated Entry Systems Committee chair. Through regular attendance and participation in the Riverside County CoC meetings, the city consults with the Riverside County CoC to develop cooperative plans and strategies to leverage resources to provide emergency shelter and rapid re-housing services, and is informed of changes in local goals, objectives, and performance measures.

The 2023 Riverside County Homeless PIT Count was conducted on January 25, 2023. The City is waiting for the numbers to be released from the County of Riverside.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

During the planning period, the City will be conducting weekly case conferencing with Riverside County staff (behavioral health, housing authority, probation, and outreach), nonprofit agencies and community providers to end homeless youth and how to best assist individuals in the Coordinated Entry System (CES) Community Queue that are waiting for a housing connection. The City will begin implementing its CoC Rapid Re-Housing program to assist 15 homeless individuals with obtaining housing coupled with case

management.

The City will begin allocating its allocation of \$8,433,288.22 of State Homeless Housing, Assistance and Prevention Program Round 3 (HHAP 3) to assist with rental assistance, homeless prevention, shelter operations, street outreach, services coordination through Project Connect to connect homeless individuals released from jail with resource and support they need, and temporary shelter. The Riverside City and County Continuum of Care HHAP 3 goals include reducing the unsheltered homelessness by 10% and increasing exits to permanent housing by 20%.

In FY 2023-2024, the City anticipates receiving a Standard Agreement from the State for its HHAP4 funding allocation of \$8,860,566.80 to assist with rental assistance, homeless prevention, shelter operations, street outreach, services coordination through Project Connect to connect homeless individuals released from jail with resource and support they need, temporary shelter and creation of permanent supportive housing units. The Riverside City and County Continuum of Care HHAP 4 goals include reducing the unsheltered homelessness by 30% and increasing exits to permanent housing by 30%.

In FY 2023-2024, the City will have 17 fulltime Outreach workers engaging homeless individuals on the streets to connect them to shelter and complete Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) to determine risk and prioritization when providing assistance to homeless individuals. The City will also be continuing its partnership with the County of Riverside and adjacent cities to address homelessness in the Santa Ana River bottom.

The city will continue to provide rental assistance to homeless individuals from the City of Riverside on the Coordinated Entry System Community Que. The Riverside University Health Systems – Behavioral Health oversees the CES to ensure appropriate intervention through program admissions that will be targeted to community groups and outreach providers who coordinate outreach efforts with staff trained to guide households through the process regardless of age, gender, ethnicity, disability, etc. The CES helps people move through the system faster, reduce new entries into homelessness, and improving data collection and quality and providing accurate information on what kind of assistance is needed. The Riverside University Health Systems – Behavioral Health has a mobile crisis team that will be going out in the field to engage and offer services to homeless individuals with mental health conditions.

Addressing the emergency shelter and transitional housing needs of homeless persons

To date, there are 221 emergency shelter beds and 26 transitional housing units in the City of Riverside. In the planning period, the City anticipates releasing a new Request for Proposals for the creation of 50 temporary shelter beds to address the need.

Helping homeless persons (especially chronically homeless individuals and families, families

with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The CoC has taken the following steps to reduce length of time homeless (LOTH):

1. Adopted and implemented a CoC wide Housing First approach; and
2. Adopted and implemented a CoC wide Rapid Re-housing approach. CoC has recently increased the number of public/private partners to help implement these approaches

The CoC has also:

1. Begun revising intake processes to ensure homeless households are given the appropriate intervention at the time they are admitted to the program to help reduce their stay.
2. Adjusted case management procedures to train CoC and ESG case managers to move away from a housing-ready approach to an evidence-based home-based case management approach.
3. Improved data collection through HMIS by training participants to enter related data correctly and timely; and
4. Generated monthly reports for outcome measurement.

The CoC will target non-HUD funded projects to reduce their LOTH such as those who receive Emergency Food and Shelter (EFSP), CDBG, and HOME funding.

The City has sixteen (16) supportive housing units, of which eight (8) units are reserved for chronically homelessness and eight (8) units for disabled homeless individuals and families. In relation to these units, the city has one full-time case manager who provides supportive services, addresses barriers to clients sustaining their housing and helps them achieve self-sufficiency.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The County of Riverside CoC Discharge Policy is mandated by the state and followed by the CoC. The CoC is in the process of reconvening the Discharge Planning Committee to update the CoC Discharge Policy. The Discharge Planning Committee is responsible for implementing policies and protocols as well as coordinating with various organizations to ensure that persons being discharged from a publicly funded

institution or system of care are not discharged immediately into homelessness. The goals are to identify discharge needs including housing and supportive services and link the individual with community resources that will include mental health services, substance abuse support, and housing. Representing health care, the Discharge Planning Committee facilitates communication regarding the discharge planning needs of homeless persons from acute care hospitals. Representing mental health, the County of Riverside's Riverside University Health Systems -Behavioral Health collaborates with the Department of Public Social Services and the CoC in the coordination and implementation of discharge planning for homeless individuals disabled by a serious mental health and/or substance abuse disorder(s). Foster Care and Extended Foster Care programs help transition dependent youth who are emancipating from foster care to independent living. Representing Corrections - The Department of Public Social Services and the Riverside Sheriff's and Probation Departments support the Continuum of Care's mission of working towards reintegrating persons leaving correctional facilities to community-based living and self-sufficiency.

Individuals discharged from the hospital and those discharged from correctional facilities are connected to the emergency shelter to assist with shelter, health care, housing, employment, and educational needs.

The County in partnership with the City created the HOME program that provides the opportunity for homeless individuals to obtain housing and supportive services in exchange for doing prison time.

Discussion

In addition to the strategies described above, the city is carrying out the following activities to help the city move towards its goal of ending homelessness.

- Working with government, nonprofit, and business partners to allocate additional resources for efforts to end and prevent homelessness.
- Working with the County of Riverside to allocate Section 8 project-based tenant-based vouchers and No Place Like Home towards the development of permanent supportive housing units.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

There are several barriers to affordable housing that are continuing to contribute towards the shortage of affordable housing. In the private sector, the demand for affordable housing is larger than the supply, and as per basic economic principles, this is driving housing prices up. There are many more jobs being added to the area than there are housing units being added, further increasing the imbalance between supply and demand.

Funding that had previously been offered through state-funded redevelopment agencies is no longer available since those agencies have been dissolved. All these factors are the reasons why there is a lack of funding for affordable housing in the city.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

In the 2023-2024 year, the City will be exploring the following policies to lessen the impacts of regulatory, land use, and costs for affordable housing production.

1. Develop an Accessory Dwelling Unit (ADU) program that includes standard plans, streamlined processing and educational materials to facilitate ADU development.
2. Prepare a Zoning Code update to streamline the entitlement process and simplify development standards for new housing development.
3. Infill Residential/Small Lot Subdivisions Ordinance to facilitate and encourage infill housing development on underutilized, urban sites in transit-rich areas.
4. Prepare a Zoning Code update to further encourage mixed-use development with transit access that reduces automobile trips, vehicle miles traveled, and associated energy consumption; and
5. Develop design standards that will help reduce housing costs by promoting sustainable and resilient design and construction practices; promoting technological improvements such as increased energy efficiency, net-zero construction, solar, electric transportation; and encourage reduced water/energy consumption and reduced waste generation.

Discussion:

According to the Southern California Association of Governments, the city had an unaccommodated housing need of 18,458 units for the 2023-2028 planning period. Based on the current housing need (and the provisions of State law AB 1233), the City has identified sites that are appropriately zoned, or will be

appropriately zoned to accommodate potential affordable housing projects. These 58 sites, comprised of over 250 parcels, have the potential to accommodate over 10,000 units of new housing development; both accommodating new affordable housing development, and new housing generally to alleviate a cost burdened local housing market.

To accommodate the remaining unmet affordable housing need, the city rezoned over 191 acres to allow for residential development at a minimum density of 25 dwelling units per acre. Sites must be large enough to accommodate at least 16 units per site. State law requires that at least half of the remaining lower income units be accommodated on sites exclusively for residential uses. Of the 191 acres, a minimum of 95.5 acres will be zoned for residential only. The City also greatly expanded zoning rights to make Housing First housing a “by right” activity in all commercial and residential zones. The City also changed the process to make affordable housing development on church sites easier to accomplish through administrative approvals. Also, the city has taken an active approach to implement a series of new State laws that make development easier around public transit, and that impose less stringent standards (e.g., parking) for new affordable housing units.

In December 2022, the California Housing & Community Development (HCD) launched the Prohousing Incentive Pilot Program (PIP). The PIP is funded by Senate Bill 2 with the intended purposes to create and conserve affordable housing. Cities with a Prohousing Designation are eligible for community development resources through the PIP Program. The competitive program offers \$25.7 million in additional funding to Prohousing cities to help accelerate housing production and preservation. In addition to awards based on a Prohousing Designated jurisdiction’s size, the PIP Program provides bonus award amounts based on a jurisdiction’s Prohousing Designation application score. In April 2023, the City received the State’s ProHousing Designation.

In FY 2023/24, the City will be pursuing HCD’s affordable housing resources for the development of affordable housing and applying our ProHousing Designation.

AP-85 Other Actions – 91.220(k)

Introduction:

The city will use CDBG, HOME, HOPWA, and ESG to meet the needs of the community over the 2023-2024 Plan year. Please refer to the Project Summary in AP-38.

Actions planned to address obstacles to meeting underserved needs

The City of Riverside will determine where underserved populations are located through an update to the City's Analysis of Impediments to Fair Housing. Special attention was given during this planning period to work in rehousing formally homeless individuals by moving them into affordable housing or assisting them with applying and obtaining Section 8 tenant vouchers.

To reduce the number of obstacles keeping the City of Riverside from meeting the needs of the underserved populations in the community and help improve service delivery, Riverside's Housing Authority & Office of Homeless Solutions will assist with facilitating more city-wide collaborations in coordinating the work of social service organizations with a specific goal to address homelessness both in offering assistance, wrap-around services, and a path to permanent affordable housing and shared housing.

Please also refer to the Project Summary in AP-38 for public service activities to be funded over the plan year.

Actions planned to foster and maintain affordable housing

The City of Riverside will continue to invest federal and State funds into affordable housing projects that provide rental for low-income households but is continuing a focus in the provision of permanent supportive housing units through the City's approved Housing First Plan. The City of Riverside will also continue to seek collaborative partnerships with developers, nonprofit, and private institutions to construct new opportunities for affordable housing, develop the City of Riverside Housing Authority's properties, and acquire vacant properties to make available as affordable housing.

Actions planned to reduce lead-based paint hazards

The city will help reduce lead-based paint hazards through the City's Housing Rehabilitation Program that provides grants and loans to low-income homeowners to assist with home repairs.

Actions planned to reduce the number of poverty-level families

To the extent possible, the City plans to reduce the number of households with incomes below the Federal poverty level (extremely low-income households earning less than thirty percent (30%) of the AMI)

through a combination of direct assistance and indirect benefit from neighborhood improvement activities, and Social Services through Non-Profits granted through CDBG funds.

The City's Five-Year Consolidated Plan will focus primarily on supporting programs that raise household incomes and stabilize housing situations by supporting anti-poverty activities through the following: 1) Encourage economic development in low- and moderate-income areas; 2) Provide comprehensive homeless prevention housing programs from overnight shelters, to bridge housing, and paths to permanent housing through TBRA; and 3) Follow nationally recognized Housing First best practices in reducing instances of homelessness in Riverside.

Actions planned to develop institutional structure

The City of Riverside partners with the business community, other government agencies such as the County of Riverside, the Riverside County Housing Authority, non-profit organizations that provide housing assistance and public services, faith-based organizations, the Continuum of Care, and collaborates interdepartmentally to carry out goals and strategies of the Consolidated Plan. When possible, the City's Housing Authority writes down the land value of properties it owns for the purpose of providing affordable housing units.

Actions planned to enhance coordination between public and private housing and social service agencies

The City will continue to strive to increase affordable housing collaborative efforts with public and private sector entities, numerous advisory agencies, lending institutions, as well as other service providers including the Riverside County Housing Authority, Riverside County Housing and Workforce Solutions, Department of Public Social Services, and County Department of Behavioral Health. Efforts to increase the participation of the CDBG, HOME, Low-income Housing Tax Credit, Federal, State, and other local housing program sources will be directed at: 1) strengthening the housing service delivery system by working more closely with County housing agencies and by collaborating with non-profit organizations; 2) increasing the involvement of the Continuum of Care for Riverside County, and 3) working more closely with new developers and permanent supportive service providers.

See Appendix 6.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The CoC is responsible for establishing and operating a centralized or coordinated assessment system, a statutory requirement that provides an initial, comprehensive assessment of the needs of individuals and families and effectively matches each with the most appropriate resources available to address that individual or family's needs.

The County of Riverside CoC has established chronically homeless persons as the highest need priority. The CoC implements a targeted street-to-home outreach program/campaign that covers 100% of its area and takes a housing first approach for chronically homeless households and others with a disabling condition. Non-disabled persons are referred to emergency shelter or rapid re-housing programs and housed as quickly as possible. The CoC is in the process of implementing a coordinated assessment system in HMIS to ensure appropriate intervention through program admissions that will be marketed to community groups and outreach providers who coordinate outreach efforts with staff trained to guide households through the process regardless of age, gender, ethnicity, disability, etc. The CES policies and procedures were adopted by the CoC in January 2018.

ESG and CoC sub-recipients input client data into the Homeless Management Information System (HMIS), which is a mandatory comprehensive and standardized assessment tool used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness. The recipient must ensure that data on all persons served, and all activities assisted under ESG are entered the community wide HMIS in the area in which those persons and activities are located. Victim service providers cannot participate, and Legal Services Organizations may choose to not participate, in HMIS; however, they must instead report using a comparable database that produces unduplicated, aggregate reports.

As required, the city being an ESG recipient continues to coordinate and collaborate with the CoC and other key stakeholders to foster a comprehensive, community-wide planning process that ensures a seamless coordination of services and funding streams.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The city solicits proposals for annual ESG allocations. A Notice of Funding Availability (NOFA) is released to invite qualified non-profits, community groups, faith-based organizations, and governmental entities to apply. Pursuant to the City's application review process, an application is reviewed and evaluated for completeness, eligibility, and the project's ability to reach and serve the areas and persons with the greatest need.

Recommendations for eligible projects are based on the resources, capacity, knowledge, and experience of applicants to effectively implement and administer the ESG-funded program. Per HUD requirements, the city must consult with the CoC to provide recommendations of the funding allocation, trends, and needs of the community to work in collaboration with the efforts of CoC of eliminating and preventing homelessness.

ESG funds are awarded through a competitive process following federal guidelines. Funding is allocated as part of the Annual Year Action Plan approval process which includes a public hearing before the Riverside City Council. Further, funding approval is made by the City Council and allocated based on funding availability, number of clients proposed to serve, area need, recommendations of CoC, and public comments.

The city enters into one-year agreements with each sub-recipient of ESG funding, these agreements define:

- Key program components or activities (including benchmarks for success);
- The level of ESG funding.
- The anticipated source and amount of matching funds (24CFR 576.201) contributed by the agency/organization; and
- Documentation or reporting requirements.
- Receipt of Agreement and Terms[EJ1]
- Match Requirements and source of match

ESG allocations are available to private nonprofit organizations and will continue to be allocated based on the guidelines as provided in the outline process above.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The homeless participation requirement is met. Sub-recipients include in their policy to extend invitation to previous homeless clients their opportunity to participate on the Board, provide feedback, and participate in survey's regarding services and policies of their facility. Sub-recipients consult with homeless or formerly homeless persons in the considering and making of policies and decisions regarding any ESG-funded facilities, services, or other assistance. An exit interview and survey are offered to exiting clients and a suggestion box and or open-door policy to address any issues related to the operation of the facility and services to clients is available. It is the intent of the city in collaborating with the Continuum of Care and ESG sub-recipients to ensure that the perspective of homeless and formerly homeless individuals and families are incorporated into the City's ESG program and the Consolidated Plan.

The city will continue development of a comprehensive Homeless Participation Plan; at a minimum, the plan will:

- Encourage all ESG non-profit sub-recipients to include a homeless or formerly homeless person on their board of directors and/or a policy making committees.
- Assign a higher rating/ranking score to ESG applicants that demonstrate homeless participation.
- Require all ESG sub-recipients to provide an exit survey to all persons that have exited from an ESG-funded shelter or participated in an ESG-funded program. The survey will request input or seek the opinion of the participants on a variety of topics or issues including at a minimum:
 1. The quality of effectiveness of the shelter or services provided
 2. The unmet needs of homeless persons in the City of Riverside
 3. How can services be improved or expanded
 4. What are the gaps in shelter or homeless services?
 5. The location and hours of shelters or services; and
 6. Access to shelters, health care, food and clothing, legal services, etc.

The City will conduct onsite interviews with homeless individuals or groups at ESG-funded shelters throughout the program year to gather information from, and encourage the participation of,

homeless persons to assist the City in the making of ESG policies.

5. Describe performance standards for evaluating ESG.

ESG performance standards are followed per 24 CFR Part 576, including, measures to evaluate the effectiveness of the program and measures to assess how well the program serves the targeted population. Sub-recipients receiving funding from the City are evaluated based on written standards and guidelines. This includes reductions in the number of homeless persons living on the streets and in shelters, the number of persons who do not re-enter the shelter or supportive housing system within one year, and the number of persons exiting with permanent housing.

Performance standards for evaluating ESG activities were developed in consultation with the Continuum of Care lead agency, City of Riverside ESG recipient, providers, and other organizations and stakeholders. As part of tracking, evaluating, and reporting ESG Program services, Homeless Management Information Systems (HMIS) are used to collect Data Standards including three key indicators: (1) exits to permanent housing; (2) length of stay in emergency shelter and/or transitional housing; and (3) returns to homelessness from permanent housing. The CoC lead agency, responsible for HMIS, extracts ESG sub-recipient data from HMIS for review by the CoC HMIS Administrator Council to evaluate subrecipients for accuracy and performance based on services provided to their clients. In addition, the below guidelines have been set as part of the performance standards for evaluating ESG:

Performance of ESG recipients include:

- a. Ensure that ESG funds are used effectively to assist homeless individuals and families and that the basic ESG program goals are met.
- b. Ensure compliance with ESG regulations and program requirements in the usage of funds and in carrying out program activities; and
- c. Enhance and develop the management capacity of grantees or recipients.

Performance Measures for Homelessness Prevention

- a. A reduction in the number of homeless individuals and families seeking emergency shelter services.
- b. Expected Outcome: At least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

Performance Measures for Homeless Rapid Re-Housing

- a. A reduction in the reoccurrence of homelessness for individuals and families who exit the shelter system.

b. Expected Outcome: At least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

ESG Written Standards

AP-90 Program Specific Requirements

Emergency Solutions Grant (ESG) Reference 24 CFR 91.220(l)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

Emergency Solutions Grant Standards

Overview of HEARTH Act

- The Homeless Emergency and Rapid Transition to Housing (HEARTH) Act on May 20, 2009 amends the McKinney-Vento Homeless Assistance Act
- Changes allow for increased flexibility in who may be served and what activities may be carried out
- The HEARTH Act consolidates three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program and creates the Emergency Solutions Grant Program.
- Focus change from Homeless Shelter to Homeless Prevention

Agreements

The City enters into one year agreements with each sub-Recipient of ESG funding for one year of grant funding. In general, these agreements define:

- Key program components or activities (including benchmarks for success);
- The level of ESG funding;
- The anticipated source and amount of matching funds (24CFR 576.201) contributed by the agency/organization; and
- Documentation or reporting requirements. Receipt of Agreement and Terms

Expenditure Limits

The City of Riverside will maintain expenditure limits for combined street outreach and emergency shelter expenditures from each fiscal year's ESG grant cannot exceed the greater of:

- 60% of that federal fiscal year's total ESG grant award
- The amount of FY 2011 grants funds committed to homeless

Matching Funds Requirements

- The recipient must make matching contributions to supplement the recipient's ESG program in an amount that equals the amount of ESG funds provided by HUD.
- Matching contributions may be obtained from any eligible source, including any Federal source other than the ESG program, as well as state, local, and private sources. Additional requirements apply to matching contributions from a Federal source of funds.
- Matching contributions must be provided after the date that HUD signs the grant agreement.

General Accounting System

Sub-recipients are required to maintain a general accounting system. Accepted general accounting system includes:

- Cost Principals for State and Local Governments (Circular A – 87)
- Cost Principals for Non – Profit Organization (Circular A – 122)
- Independent Single Audits - 2 CFR Part 200
- Records to be maintained for a minimum of four years.

Financial Management

Grantees and recipients in the ESG program must ensure compliance with regulations and requirements pertaining to the following key areas of financial management outlined in Financial Management Systems (24CFR 85.20 and 24CFR 84.20-28) for the following areas:

- | | |
|------------------------|--------------------------|
| • Usage of funds | • Required funding match |
| • Internal controls | • Budget controls |
| • Cash management | • Accounting controls |
| • Procurement Property | • Asset controls |
| • Audits | |

Documentation of Homelessness

ESG sub-recipients are required to maintain adequate documentation of homelessness status to determine eligibility of persons served by the ESG program.

- A copy of this documentation must be maintained by the sub-recipient in the client's or participant's file.

Qualifications of Homelessness

A person is considered homeless only when he/she resides in one of the following places:

- In places not meant for human habitation such as a car, park, sidewalk, an abandon building, or on the street;
- In an emergency shelter;
- In transitional or supportive housing for homeless persons who originally came from the streets or emergency shelter; or
- In any of the above but is spending a short time (up to 30 consecutive days) in a hospital or other institution

Monitoring and Site Visits

Monitoring can take a number of forms and can include review of progress reports, telephone consultation, and performance of on-site assessments. The three basic goals for oversight and monitoring of the progress and performance of ESG grantees/recipients include:

- Ensure that ESG funds are used effectively to assist homeless individuals and families and that the basic ESG program goals are met;
- Ensure compliance with ESG regulations and program requirements in the usage of funds and in carrying out program activities; and
- Enhance and develop the management capacity of grantees or recipients.

Participation of Homeless Persons in Policy-Making and Operations

ESG regulation [24 CFR 576.405] require that recipients of Emergency Solutions Grant funds must provide for the participation of not less than one homeless or formerly homeless persons in a policy-making function within the sub-recipient's organization. If the recipient is unable to meet this requirement it must instead develop and implement a plan to consult with homeless or formerly homeless persons in a policy-making function regarding any facilities, services, or other assistance that received funding under ESG. All sub-recipients of ESG funds are required to involve or encourage involvement of participants in the operation of an ESG-funded program or facility. ESG sub-recipients will be required to provide documentation during the City's monitoring visits of their efforts to seek the participation of the homeless or formerly homeless.

Termination of Participation and Grievance Procedures

The City and sub-recipients may terminate assistance provided through ESG-funded activities to participants that violate program requirements. Written procedures must describe the specific program requirements and the termination process or the grievance or appeal process; this should include the procedures for a participant to request a hearing regarding the termination of their assistance. The federal regulation at 24 CFR 576.402 describes the termination provision:

Termination of Assistance 24 CFR 576.402: Grantees and recipients may, in accordance with **42 U.S.C. 11375 (e)**, terminate assistance provided under this part to an individual or family who violates program requirements.

(a) In general. If a program participant violates program requirements, the recipient or subrecipient may terminate the assistance in accordance with a formal process established by the recipient or subrecipient that recognizes the rights of individuals affected. The recipient or subrecipient must exercise judgment and examine all extenuating circumstances in determining when violations warrant termination so that a program participant's assistance is terminated only in the most severe cases.

(b) Program participants receiving rental assistance or housing relocation and stabilization services. To terminate rental assistance or housing relocation and stabilization services to a program participant, the required formal process, at a minimum, must consist of:

(1) Written notice to the program participant containing a clear statement of the reasons for termination;

(2) A review of the decision, in which the program participant is given the opportunity to present written or oral objections before a person other than the person (or a subordinate of that person) who made or approved the termination decision; and

(3) Prompt written notice of the final decision to the program participant.

(c) Ability to provide further assistance. Termination under this section does not bar the recipient or subrecipient from providing further assistance at a later date to the same family or individual.

Reimbursement Responsibilities

Sub-recipients will be responsible to submit on a monthly basis a reimbursement request for qualified expenditures. The following must be included in the request as follows:

- Cover page of request and summary page
- Cancel check or Bank statement
- Invoice or Bill
- Late Charges are **not** eligible
- HMIS reporting

Final reimbursement request must be submitted no later than the date specified on ESG agreement.

 - 2. At imminent risk of homelessness
 - 3. Homeless under federal status
 - 4. Fleeing/attempting to flee domestic violence
- Income: The household's total income must be at or below 30 percent of Area Median Income (AMI).

- **Housing Status:** Case files must document the current housing status of the household at application. Housing status will be verified through third party verification whenever possible. Self-certification of housing status will be considered on a case by case basis.
 - **Riverside City Residency:** All households receiving prevention or rapid re-housing assistance under ESG must be residents of the City of Riverside at time of application.
 - **Lack of identifiable financial resources and/or support networks:** In order to receive ESG rental financial assistance, applicants must also demonstrate the following:
 1. No appropriate subsequent housing options have been identified;
 2. The household lacks the financial resources to obtain immediate housing or remain in its existing housing; and
 3. The household lacks support networks needed to obtain immediate housing or remain in its existing housing.
- b. *Policies and Procedures for coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.*

The ESG program requires coordination among participating agencies. All ESG subrecipients in the City are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to homeless households. Additionally, the project administration agreement with ESG subrecipients will require coordination among agencies receiving ESG funds to administer emergency shelter, essential services, homelessness prevention, re-housing services, and related assistance, and access to mainstream services and housing providers for clients.

Participation in the Continuum of Care

ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

Required Client Information and Referrals

To further facilitate collaboration and information sharing, ESG funded agencies will be required to provide the following information and referrals to ESG program participants:

- 2-1-1 hotline for social services
- Social security benefits
- Cal-Works and other income security programs provided by DPSS
- Cal-Fresh (formerly known as Food Stamps) assistance
- Low Income Energy Assistance Programs
- Affordable housing information
- Employment assistance and job training programs
- Health care and mental health services
- Services for victims of domestic violence
- Veteran services
- Specialized services such as legal services, credit counseling

- c. *Policies and Procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals that will receive re-housing assistance.*

Once it is determined that the household meets the basic eligibility guidelines noted above the household will be assessed for the appropriate form(s), level, and duration of financial assistance. The results of this assessment will be formalized in a Housing/Financial Assistance Plan that is signed by both the applicant and the case manager.

Homeless Prevention Assistance

Homeless prevention assistance will be targeted to households who are at risk of losing their present housing and becoming homeless. While there are many people who are housed and have a great need for rental assistance, not everyone will become homeless without assistance. A risk assessment will be used to assess the household's level of crisis and prioritize those who are at greatest risk of becoming homeless. The assessment tool will include vulnerability criteria including but not limited to; income, housing history, food security, childcare, health care, life skills, and other special needs. Due to the limited amount of funding, assistance will be provided on a first come, first served basis, if the applicant meets the eligibility and risk assessment criteria.

Rapid Re-Housing Assistance

Homeless re-housing assistance is intended for individuals or families who meet the homeless definition described in Section 103, 42 USC 11302 of the McKinney Vento Act, as amended by the HEARTH Act. While there are many homeless individuals and families in the City at any given night, the re-housing assistance will be prioritized for households who are residing in emergency shelters and on the streets.

- d. *Standards for determining the share of rent and utilities costs that each program participant must pay, if any, while receiving homelessness prevention or rapid re-housing assistance.*

Limitations on Assistance – Homeless Prevention

The City of Riverside's rental assistance is intended to stabilize individuals and families who have recently endured difficult financial circumstances that have led them into homelessness or who are at imminent risk of becoming homeless. For homeless prevention assistance, the rental assistance consists of short term rental assistance (3 months); extended under certain circumstances to medium term rental assistance (for an additional 3 months). The total maximum length of assistance is 6 months. Not every individual or family in need of rental assistance is a candidate for ESG homelessness prevention or rapid re-housing assistance. ESG rental assistance is not a substitute for Section 8 rental assistance or a permanent rental subsidy, but a tool to help stabilize families or individuals who are at imminent risk of becoming homeless and lack any other resources to help them stabilize their housing situation.

As a general rule, an individual or household should pay approximately 30% of their income towards rent. This requirement may be waived on a case-by-case basis for extreme circumstances. The ESG assistance will consist of the remaining portion of the rent, up to \$1,000 (excluding the clients' contribution towards the rent).

Clients are required to be reassessed at regular intervals to monitor progress and levels of self-sufficiency. If a client requires assistance beyond the three month mark, the ESG rental subsidy will be reduced and the client will be required to pay a larger portion of the rent. There is a maximum cap of prevention assistance per client, per twelve month period of \$6,000.

Limitations on Assistance – Rapid Re-Housing

Under re-housing assistance, a client's share of rent should be based on a client's ability to pay during their path to housing stabilization, with a minimum \$25 client contribution. Clients receiving re-housing assistance must be re-assessed regular intervals. The maximum length of re-housing assistance will be 6 months* and the total maximum ESG assistance. The assistance should not exceed \$2,000 per month per client, except for the first month of assistance if client requires assistance with other re-housing expenses such as rent deposits or utility deposits.

Limitations on Assistance – All Clients

Due to the limited amount of funds available, the ESG assistance will not exceed \$2,500 per client per month in combined ESG assistance, including rent and utility payments.* Generally, clients should be responsible for paying for their own utility costs while provided rental assistance with ESG, unless they are experiencing acute financial hardship, or are at risk of losing their housing due to utility shut off. Clients seeking utility only assistance may be eligible for ESG assistance if it can be documented that they will lose their housing and become literally homeless if utility assistance is not provided; however, the household must meet other ESG eligibility requirements.

- e. *Standards for determining how long a particular participant will be provided with rental assistance and whether the amount of that assistance will be adjusted over time.*

ESG assistance consists of short term (up to 3 months) to medium term (up to 6 months) rental assistance to allow individuals or families who have recently encountered a financial crisis that has led them into homelessness or at imminent risk of homelessness, to gain housing stabilization. Since the program consists of temporary assistance aiming at rapid stabilization of households, clients are required to contribute a portion of their income towards rent. Clients with no potential to earn income may not be suitable candidates for this type of assistance, unless other subsidies can be accessed after the ESG assistance expires.

Clients assisted under ESG Prevention Assistance are eligible to receive the rental assistance for up to 3 months if they meet income eligibility during the 3 month period and comply with the case management requirements of the program. At the end of the third month, clients must be re-assessed to determine if the client's rental assistance needs to be extended for an additional 3 month period. If the ESG rental assistance is extended for an additional three (3) months, the ESG assistance will be reduced and/or adjusted over the remaining time.

Clients assisted under ESG Re-housing Assistance are eligible to receive rental and utility assistance for up to 6 months if they meet income eligibility during the 6 month period. Re-housing clients must be evaluated at regular intervals during the ESG assistance period. Monthly case management is highly recommended. The ESG rental assistance should be reduced gradually and the client's portion of the rent should be increased during the 6 month assistance period.

- f. *Standards for determining the type, amount, and duration of housing stabilization and /or relocation services to provide a program participant, including the limits, if any, on homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance; maximum number of months the program participant receives assistance; or the maximum number of times the program participant may receive assistance.*

*Reasonableness Determination

The City will set the maximum amount of assistance to be provided to homelessness prevention and rapid rehousing clients on an annual basis. The City will also determine if the total benefit amount to be awarded to any one client is both reasonable and necessary.

Reporting – Centralized/Coordinated Assessment System

- The HEARTH Act makes HMIS participation a statutory requirement for ESG recipients and sub-recipients. The City and its subrecipients work with the Continuum of Care to ensure the screening, assessment, and referral of Program participants are consistent with the written standards.
- The recipient will ensure that data on all persons served and all activities assisted under ESG are entered into a community-wide HMIS in the area in which those persons and activities are located.
- Victim service providers cannot, and Legal Services Organizations may choose to not participate in HMIS. Providers that do not participate in HMIS must use a comparable database that produces unduplicated, aggregate reports instead.
- Eligible Cost include, but not limited to the following:
 - *Hardware, Equipment and Software Costs*
 - *Staffing: Paying salaries for operating HMIS*
 - *Training and Overhead- Technical support, leasing space, and utilities for space used by HMIS staff*

Comparable Database for Victim Services

If the sub-recipient is a victim services or a legal services provider that use a comparable database, it may use ESG funds to establish and operate a comparable database that collects client-level data over time and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into or provided to an HMIS.

ESG Homeless Definitions

http://www.hudhre.info/documents/HEARTH_HomelessDefinition_finalRule.pdf

Consultation Process

The City of Riverside consults annually with the Continuum of Care to discuss the City's ESG allocation in ways that:

- Coordinate across regional entitlement jurisdictions by developing and utilizing standardized eligibility and assessment tools;
- Support federal and local goals for priority populations;

- Allow for variations in the program design that responds to the needs and resources of the jurisdiction
- Comply with eligibility and verification requirements (HMIS, housing status, homeless definitions, etc.)

The ESG program requires coordination among participating agencies. All ESG subrecipients in the City of Riverside are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to homeless households. ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

The City of Riverside also consulted with the Continuum of Care on the Ten Year Plan to End Homelessness to ensure the alignment of proposed ESG activities as they relate to the goals and strategies outlined in the plan. This joint effort has worked successfully in the past and the City will continue to work closely with Riverside County Housing & Workforce Solutions, the "umbrella" anti-poverty agency for the County of Riverside and the program administrator for the Riverside County Continuum of Care, in servicing the needs of homeless.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-111, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701a) and implementing regulations at 24 CFR Part 75.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. **Overall Benefit.** The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2023-2024 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, D, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance – If it plans to provide tenant-based rental assistance, the tenant-based rental assistance is an essential element of its consolidated plan.

Eligible Activities and Costs – It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR §§92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

Subsidy layering – Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Emergency Solutions Grants Certifications

The Emergency Solutions Grants Program recipient certifies that:

Major rehabilitation/conversion/renovation – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation.

If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion.

In all other cases where ESG funds are used for renovation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the recipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the recipient serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The recipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal, State, local, and private assistance available for these individuals.

Matching Funds – The recipient will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The recipient has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the recipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the recipient undertakes with assistance under ESG are consistent with its consolidated plan.

Discharge Policy – The recipient will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-L.L.F., "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701a) and implementing regulations at 24 CFR Part 75.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. **Overall Benefit.** The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2023-2024 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, D, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

Emergency Solutions Grants Certifications

The Emergency Solutions Grants Program recipient certifies that:

Major rehabilitation/conversion/renovation – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation.

If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion.

In all other cases where ESG funds are used for renovation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the recipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the recipient serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The recipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal, State, local, and private assistance available for these individuals.

Matching Funds – The recipient will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The recipient has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the recipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the recipient undertakes with assistance under ESG are consistent with its consolidated plan.

Discharge Policy – The recipient will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.
