QUARTUS COLLECTION CUSTOM DESIGN

Garnier-Thiebaut is a linen designer and manufacturer of bed, bath and table linen and accessories for the hospitality industry and homes worldwide. Garnier-Thiebaut belongs to HDM Industries; a worldwide leader in textiles, work wear, related services of the hospitality industry and retail. We are a vertical company and we manage all the manufacturing steps: dyeing threads, weaving and processing fabrics, cutting, sewing, packaging and delivering finished products.

Garnier-Thiebaut started manufacturing linen in 1833 in France and imported its French "Savoir-Faire" by entering the US market in 1997. Garnier-Thiebaut USA features 4 brands with tailored products and services to fit all budgets and needs: Garnier-Thiebaut, Hilden America, Bombacio and GT Hotel Collection. To better serve the American market, we own a cutting and sewing facility in Virginia to stock a wide range of bed, bath and table linen and to answer quickly any custom requests.

With more than 185 years in the industry, our dedicated team is constantly reinventing and following trends to provide the linen of tomorrow with the finest quality fabrics. With this commitment in mind, we have created the "Quartus Collection Custom Design" featuring our new selections of table linens, banquet linens, placemats, runners and bread baskets. Over 35 designs are introduced in different colors and fabrics: 100% flax, metis, 100%cotton, polyflax, polycotton, 100% polyester and vinyl. As Garnier-Thiebaut USA has grown up in America and is attached to its French roots, we are presenting 7 different atmospheres from our 2 capitals: Paris and Washington D.C.

The vision behind the Quartus Catalog is that of a modern and fresh outlook with a wide choice of items dedicated for banquets and events. We are also pleased to introduce our two new collections, 'Potomac' and 'Logan Circle' which are inspired by a fusion of bold colors and unique fabrics. The Potomac Collection has white, silver and gold table linen with subtle designs such as metallic thread and squared designs venly weaved throughout. The Logan Circle Collection was created for those that want to stand out and features rich colors such as burgundy, blue and stone.

Through this journey, discover all of our products exclusively designed for you to bring your ideas to life.

A photograph of a Parisian cafe scene. In the foreground, several round tables with white tablecloths and wicker chairs are set up on a cobblestone street. People are seated at the tables, some looking at menus. In the background, there are more tables and chairs, and a building with a sign that says "VINNY CAFE". The scene is set in a city with historic architecture and trees.
